

UNIVERSITY
FURNISHINGS

EVERYTHING IN ITS PLACE

FURNITURE THAT'S ANYTHING BUT OLD SCHOOL

Nearly 40-years ago, we identified a need in the student housing industry. Perhaps fueled by the onslaught of 500 students and their parents descending on one community with an army of U-Hauls, we reasoned that there had to be a better way. Today, leading student housing decision makers rely on University Furnishings as the one source for all their furnishing needs. From designing and manufacturing our own cutting edge products, to delivery, setup and repair, we ensure everything's in place, on time and on budget—ultimately furnishing you with total peace of mind.

The days of beanbag chairs and footlockers are long gone. From the shoes on their feet to the audio buds in their ears, this generation of college students resides at the cutting edge of style. And to that point, our design and manufacturing team over delivers. Upscale, cool, yet brilliantly functional, we create the ultimate living environment for students—a space that reflects who they are and where they're going in life.

QUALITY ENDURES

Which is why we take no shortcuts in anything we do. All our products are designed to withstand the wear and tear of active student life. We design, spec the materials and assemble everything ourselves, right down to the nuts and bolts. Cool and contemporary, we use only top grade woods, hardware, leathers and stain-resistant fabrics to create pieces that are a timeless value.

ENVIRONMENTS THAT ARE GOOD FOR THE ENVIRONMENT

No emphasis on creating the ultimate living environment would be complete without taking into account its impact on the earth's environment. We place great emphasis on being green, using recyclable metals, woods and textiles in the manufacturing of our products. We also use recycled cardboard shipping cartons, and all packaging is Styrofoam and plastic-free.

A TITANIUM-LINK SUPPLY CHAIN

Nobody understands the importance of getting your order right and delivering it on time better than University Furnishings. That's why we employ air traffic control precision into monitoring everything we do. From the overseas shipping docks, to our warehouse, to assembly, until final installation, every aspect of your project is constantly supervised on a real-time basis by our most senior people who understand failure is not an option.

WHITE GLOVE INSTALLATION

University Furnishings uses its own team of skilled installers, not "jobbers" who may have never seen the furniture before. Enjoy peace of mind knowing we can not only do the job faster than anyone in the business, but also that it will be installed correctly and given the white glove treatment for proper fit and finish.

NOTHING LASTS FOREVER

Our commitment doesn't end once your furniture is in place. And though we pride ourselves on building the most durable products in the industry, occasionally something will break or wear out. One call to us and we will repair or replace it for you. And because we maintain our own warehouses, the item more than likely is in stock, saving you the obligatory 6-8 week waiting time. In the unlikely event something breaks, we'll be here for you.

WORK WITH THE A-TEAM. THERE IS NO B-TEAM.

From day one, it has been the mission of the University Furnishings' leadership team to provide superior customer service. Rather than dealing with a commissioned salesperson, you'll be working directly with members of our management team—people whose own success is determined by successfully delivering for you.
